

# THE TYPICAL WAY FOR OBTAINING A PLAN CHECK WHEN YOU APPLY FOR A BUILDING PERMIT

Applicant: I just want to get a building permit for my project.

Jurisdiction: No problem! Just get it into the system. Give us 4 to 6 weeks and you will hear from us.

Someone, somewhere is working on your permit documents. You hope!

Good luck.

Where is my plan check?  
Who is working on my project? Why can't I find someone to talk to me about my project?

I can't take this. There must be another way to get someone to review my project in a faster manner! I'm losing precious time and money!

For crying out loud, I didn't apply to build this structure!
